

DESIGNED BY TEACHERS, FOR TEACHERS.

School Swimming Provision 2024/2025

Hi, I'm Andy. I'm one of the owners of Sue's Swim School and the eldest of the 2 brothers that now run it. I spent 11 years as a Primary School Teacher. Within the school I worked in I was PE Co-Ordinator and advisor to schools in our area.

I was often disappointed at the school swimming provision that was offered by councils and local swim schools in the area. In my 2nd year as a coordinator I began to structure my own sessions and deliver them myself (I had qualified as a swimming teacher in 1997).

Nationwide we are seeing some of the lowest levels of children achieving the statutory criteria by the end of KS2, we simply believe this is not good enough, and at no fault of the schools.

In the last 5 academic years, we have achieved over 92% of our swimmers in our school provision reaching the national guidelines with a supporting report that the schools have used in OFSTED and updates explaining what was done to provide the best help they can.

WHAT WE DO FOR THE CHILDREN

Qualified Instructors

- All teachers are Level 2 qualified.
- All instructors DBS checked.
- Instructors Safeguard trained.
- Instructors basic first aid trained.
- Instructors trained in School Lessons.
- Instructors experienced in School Swimming.
- A dedicated Coordinator for our Schools Provision as well as a dedicated Provision Instructor.

Framework Assessment

- Children assessed to Framework KS1 and KS2 guidelines.
- Children assessed to national criteria
- National Framework distance assessment.
- National Framework Water Safety assessment.
- Digital Certificates awarded
- Planned and overseen by qualified Primary School Teachers.

Customised Learning

- Learning accessible to all.
- Personalised development.
- Each child given the chance to achieve.
- “Fill the Gaps” approach
- Personalised reports for classes
- Guidance on next steps.
- Differentiated outcomes.
- Individual assessment and tracking.
- Uses National Outcomes

REPORTS AND OFSTED

The Reports

- Each report will show you a breakdown of the base line assessment and the exit assessment.
- For children that have not achieved, it will show the recommended steps.
- We can advise you on how to show adequate opportunity for learners to reach the criteria needed for KS2.
- We assess for the expected distance and water safety. This allows children to be assessed for them individually.
- No need to rehash and rewrite reports for school improvement or action plans- the reports have all the data.

OFSTED experience

- Reports are “OFSTED” friendly for when they visit
- The data OFSTED want to see is clear and concise
- The report can be directly put in the PE development plan
- The reports can also be used for school improvements plans and PE audits done by the LEA.

TESTIMONIALS

“The fact that this is designed by a former Primary Teacher makes all the difference. Andy and the team understand what the children need and how to get them there.”

“The team are great with the children, they actually teach them to a common standard. Even if they have never swam, there is a plan to ensure they are all included.”

“To actually have teachers teaching the children rather than burning time is so much better than our last provider. It just feels more professional.”

SCHOOL GAMES

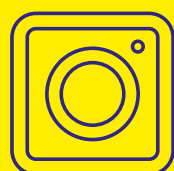

KITEMARK

Andy worked as a qualified Keys Stage 2 teacher for 11 years. In this time, he worked as a PE Coordinator for 8, in which he took a school with no Kitemark or School Games recognition and reached the Gold Kitemark (the highest at the time) and was one of the first schools to reach it 5 years in a row.

“Primary schools and their teachers are given a role on little training. Those that do go into leadership are often not trained well in it. I have seen it first hand. Add to this the fact that the kitemark criteria are time consuming and tricky to navigate, we can at least assist in the swimming part of it.”

“I know how hard it is to juggle the role and how schools are expected to go for the additional awards, the system I have put together at least takes care of a large portion of that in swimming and primary education”

Andy Gumbley, Director of Sue's Swim School, Qualified Primary Teacher, MLT.
