# WHY WE ARE DIFFERENT

Hi, I'm Andy. I'm one of the owners of Sue's Swim School and the eldest of the 2 brothers that now run it. I spent 11 years as a Primary School Teacher. Within the school I worked in I was PE Coordinator for 10.

I was often disappointed at the school swimming provision that was offered by councils and local swim schools in the area. In my 2<sup>nd</sup> year as a coordinator I began to structure my own sessions and deliver them myself (I had qualified as a swimming teacher in 1998).

We had seen an average of 20% of our pupils meeting the national requirements. After structuring the sessions we saw that rise to 60% in KS2. This then allowed us to focus funding to raise the children in UKS2 to get the support they needed.

In the last 2 academic years, we have achieved over 90% of our swimmers in our school provision reaching the national guidelines with a supporting report that the schools have used in OFSTED and updates explaining what was done to provide the best help they can.

# SCHOOL PROVISION

Assessment Tracker	Assessment Report	Additional Support Report
<ul style="list-style-type: none"> <li>• Full personalised tracker</li> <li>• Assessment KPI's coincide with National Framework Standards</li> <li>• Individual learning- each child is assessed against both water safety and distance</li> <li>• Colour coding for ease of use</li> </ul>	<ul style="list-style-type: none"> <li>• Full colour coded report produced at the end of the term</li> <li>• Bullet points statistics show schools, Parents, Governor and OFSTED what has been met</li> <li>• Cohort percentages given</li> <li>• Digital Certificates emailed to the school</li> <li>• STA awards available for school just wanting to carry out mainstream swim school awards</li> </ul>	<ul style="list-style-type: none"> <li>• Easy to analyse report to show who needs further/additional provisions to meet KS2 standards</li> <li>• Further assessment and tracking for children in the provision</li> <li>• Finalised report on the children with additional statistics for analysis for school, governor and OFSTED reports</li> <li>• Breakdown of those not meeting KS2 requirements and next steps</li> </ul>

# SCHOOL GAMES AWARD

Our provision can also include elements that will help with the Schools Games Kitemark and the Healthy Schools Status Awards.

Our school games provision can help competitions such as galas on a small scale or even on a school wide scale (availability depending). We can also offer club affiliation as part of the criteria.

We can also play a part in the Healthy School Award through the several themes in the programme such as Mental Wellbeing and Physical Activity and Fitness.
